HELPING YOUNG MINDS GROW

Like planting seeds in fertile soil, giving children the best education now will help them grow to reach their full potential.

Many families like yours choose private school because it's a place that will cultivate your child's unique skills and talents in a supportive and nurturing environment. And while the cost of private school may seem daunting, the benefits will last a lifetime.

At Sallie Mae, we've developed a loan program that grows with your family's education needs. Our K-12 Family Education Loan covers the entire cost of your child's education to help you send your children to private primary and secondary schools, including parochial schools, day schools, charter schools, and boarding schools. The loan features interest rates and fees that reward good credit and repayment terms of up to 20 years (see APR examples) to keep your payments low and affordable.

Apply today

You can apply for Sallie Mae's K-12 Family Education Loan online at www.salliemae.com/k12loan. Credit decisions are processed on our secure servers, which will return a decision usually within less than a minute. You may also request an application by calling 1-866-270-7307.

Upon the loan's approval, Sallie Mae will send loan documents to you or your school for review and signature. When the signed documents are returned, Sallie Mae will fund the loan. After your loan has been disbursed, you can check your account balance, review your payments and download forms through our online account management tool at www.manageyourloans.com.

Affordable rates and fees based on your credit

The K-12 Family Education Loan offers competitive rates and fees that reward good credit. Our interest rates and fees are structured so you get the best possible terms that we offer based on your credit history.

Long repayment terms

You can take up to 20 years to repay the loan (see APR examples), which can keep your payments low and affordable. There are no prepayment penalties. Standard repayment of level, monthly payments of interest and principal begin 30 days after the loan is disbursed. Minimum monthly payment is \$30 (see APR examples).

Borrow for both tuition and expenses

You can borrow from a minimum of \$1,000 up to the total cost of your child's education for tuition and other education-related expenses such as books, computers, room and board, musical instruments, and sports and other extracurricular activities. A portion of the tuition must be financed to be eligible to finance other education-related expenses. Up to 60% of the tuition amount is allowable for other expenses, not to exceed \$6,000. Terms may vary by school. The loan features flexible aggregate loan limits to fit your individual situation.

Apply with a cosigner and save

If your credit is less than ideal, you may still qualify for a loan by applying with a creditworthy cosigner. Even though there is an additional fee for each cosigner, you can still save. That's because when you have a creditworthy cosigner with a credit rating that is better than yours, it can lower your interest rates and total fees.

And after you make your first 24 consecutive, on-time payments of principal and interest, you may request to have your cosigner removed from the loan. Your creditworthiness will be reviewed, and, if you are approved, the cosigner will be removed. Your account must remain current until the cosigner release request is processed and the cosigner removal is approved.

"Our family is not rich by any means, and [private school] is not inexpensive. But options like [the K-12 Family Education Loan] help make it affordable."
